

## TCM Forklift Parts

TCM Forklift Parts - In the global trade of material handling, lift trucks play a major role for transporting industrial goods. Originally innovated as industrial vehicles in the 1930s in the United States, forklifts gained popularity after World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread globally.

First established as Toyo Carrier Manufacturing Company Limited, in 1949, the company was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's first forklift. Throughout the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM started constructing forklift manufacturing locations outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures various models of industrial lift trucks with over 50 years of accumulated technology and expertise, making their products recognized and used all over the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and intends to become a world-class leading company.
